

U. F. A. MEMBER IS ELECTED IN WAINWRIGHT CONSTITUENCY

MR. J. RUSSELL LOVE, OF IRMA, POLLS PLURALITY MAJORITY OF NEARLY FIVE HUNDRED VOTES

Stewart Government Suffers Defeat by Landslide Vote for Farmers' Party. Latest Returns Give H. W. Woods Party Over Half Legislative Seats.

The countryside has spoken, and in no uncertain voice, for by its expressed wish at the polls on Monday Mr. J. R. Love, of Irma, running on the U. F. A. ticket, is elected representative for Wainwright constituency in the next legislative assembly.

The result of the election over the whole province might well be termed staggering being that in very many places such a vote as never before was polled turned out to ensure the return of their farmer candidate.

In the towns, there was very little excitement, and strangest of all, in each instance the resident candidates in Wainwright constituency headed the poll at their own point.

The wide-spread U. F. A. interest, however, and the thorough organization of that body, was shown when the country polls began to be heard from and the final count when all returns were in showed that Mr. Love had received 1924 votes while Messrs Strachan (Lib.) and Hudson (Ind.) had 948 and 490 votes respectively.

The following is the result in this riding by polls:

Poll No.	Hudson	Love	Strachan
1. Bull Creek	0	42	7
2. Greenblade	4	21	17
3. Sulphur Springs	1	79	7
4. Doley	3	106	2

42. Clelland	1	36	6
43. Batt	3	36	12
Total	480	1924	948

At other points in the province the results proved about the same, Edmonton being the only place to return a full Liberal ticket.

Although final figures are not yet available, it would appear probable that the next provincial legislature will be composed somewhat as follows:

U. F. A. Members	36
Liberals	17
Labor	4
Independent	4
Total	61

On Sunday, next the Masonic brethren of Wainwright, Edgerton and Chauvin will attend divine service in the Chautauqua tent at Edgerton at 3 p.m. when Rev. A. B. Douthwaite will preach. This gentleman will also preach at Gilt Edge Orange Hall at 11 a.m.

PICNIC DATES

EDGERTON SOC. WITH TOWN FATHERS TO BUY GROUNDS

One of the most enthusiastic and interesting meetings of the directors of the Edgerton agricultural society was held on June 28 when the matter of amalgamation with the town of Edgerton for the purpose of purchasing new grounds for the society was gone into, the idea being that the land be used jointly as a fair ground and as a town sports ground.

The result of the meeting was that a tract of 40 acres, situated about a quarter-mile south of the village, which has been known as the Edgerton sports ground, will be purchased. The meeting decided to make the purchase on the terms and price as set out by the C.P.R. In a short while the land will be finally purchased and it is the intention of the directors to move the fair buildings immediately.

The above grounds are extensively known as a splendid sport grounds, and with but little expense an excellent track can be made encircling the present diamond. The grandstand will be located on a natural elevated spot and thus command a splendid view of the whole ground.

LETTERS TO THE EDITOR

We are not responsible for opinions expressed by correspondents.

The Editor.
Enquiries are being made as to why the Wainwright Agricultural Society's Prize List for their Live Stock Show and Sports (of which a generous supply is now in the hands of the Secretaries) does not include roots, grains, poultry etc. While this contains the names of all the officers of the society, donors of special prizes, rules and regulations, this year's stock prize list and a big day's program of sports with the respective prizes offered, I want to say that this is only intended to represent one-half of the activities of the society for this year.

You will be interested to know that in place of holding a two days' fair during the latter part of August or September, as was our regular custom, the directors decided that it would be to the interest of the district in promoting the work of the society by way of encouraging the raising of better stock, poultry, roots grains etc. (as well as encouraging competition along the lines of domestic science works of Art etc.) to divide the fair into two complete shows, the first to comprise a show and entertainment as outlined in the August 3rd prize list, advancing the time to date just before harvest begins, when stock is looking at its best and it does not work a hardship on the exhibitors; it would be to the benefit with this a good program of music and sports at a time when outdoor sports are the order of the day and people feel free to enjoy them. This date is August the 3rd, next.

The second day, or Fall Seed Fair is to cover an exhibit of all kinds of fancy work, work of art, domestic science, etc. as well as Vegetables and Grains; this exhibit is to be held in the large covered rink in town at a date when all exhibits are harvested at a matured age, thus increasing the quantity and quality without interfering with economy in production, this date will be announced later.

You will notice by the Stock Show Prize List for August 3rd, that some new breeds have been added. The 1st and 2nd prizes have been increased, and third prize has been added all through the list. This represents an increase of over 50% in cash prizes offered by the Society on live stock alone. Then the amusement and entertainment program has been increased over 100% with music as an additional feature.

Before closing this explanation of the activities of the W. A. S. for this year I would like to mention that the Government has

BENEFICIAL EFFECTS OF SCHOOL FAIRS

School fairs are to the boys and girls of our land what the larger fairs are to the adult population. By this time they should be most thoroughly organized, says the department of agriculture, prize lists published and circulated, and programmes prepared—the two included given in one publication. These fairs increase in number every year and are proving of incalculable value in the agricultural education of the young and the more mature. Of course, in some instances, boys and girls clubs are the principal features of the fairs, but entries are usually accepted from other children than the members alone. Agricultural authorities all testify to the splendid effect the affairs are having upon farm life and these pursuits generally. It makes a happier and better rural life. In recognition of the old adage "All work and no play makes Jack a dull boy," a programme of sports is usually included in the day's list of proceedings.

JOINT INSTALLATION OF ODOFELLOWS AND REBEKAHS

A joint installation of officers of the local lodges of the I. O. O. F. of Wainwright Edgerton and Chauvin, took place on Wednesday last at the Edgerton lodge-room.

D. D. G. M. Davidson, of Wainwright and D. D. P. Mrs. D. W. Parcells of Chauvin conducted the interesting ceremony, assisted by several P. G.'s from the other lodges.

The following is a list of the officers of the Wainwright lodges:

I. O. O. F. Officers
Jr. P. G.—J. Forrest.
N. G.—W. Huntingford.
V. G.—H. Richardson.
F. S.—H. Fieldhouse.

R. S. N. G.—Mrs. Kenny.
L. S. N. G.—Miss Coleman.
Chaplain—Mrs. Cook.
Organist—Mrs. Fieldhouse.

After the ceremony a very pleasant social time was spent by the large crowd present and after being sumptuously regaled by the Edgerton members, a little dance was indulged in before the visitors made their departure.

Mr. Marcell, of Manitoba Lake is visiting at the home of Mr. C. R. Greer.

On account of our ready-print supply house falling down on shipment we are forced to issue a four-page edition only this week. We are again kindly consented to pay 60% of the Prizes won as an inducement for the better breeding and care of all kinds of Live Stock etc. This is a privilege we are very fortunate in having, but by correspondence received from the Department of Agriculture we learn that unless this privilege is made use of, it is liable to be discontinued; and with that in view, the Directors and committees are making a special effort to accommodate a large number of entries.

We are hoping Mr. Editor that the general public will assist one another by showing such entries as they will have available and thus help themselves as well as others.

VALE MUNICIPAL COUNCIL HOLDS ITS REGULAR MEETING

A regular meeting of the council of Vale M. D. No. 392, was held at the office of the secretary on July 9th, the following members being present: Messrs. Snyder, Brown, McPherson, and Gould.

McPherson—That the minutes of the meeting of June 4th be adopted as read.—Carried.
Gould—That a copy of the following resolution be forwarded to the Dept. of Municipal Affairs: Whereas after full consideration of the letter of April 11th, regarding the valuation of assessable land in this municipality by the Equalization Board in which we were instructed to further raise the valuation of each assessable portion, we the Council of the Municipal District of Vale, No. 392 wish to advise that our assessed values are now at a figure which is higher than the actual cash value of the property and lands here that are going on the market together with all improvements are seldom bringing the present assessed valuation. And we further wish to point out that by making the increase as directed in your letter of the 11th of April we will make ourselves ridiculous in the eyes of the ratepayers whom we represent.—Carried.

McPherson—That the provincial grant of \$350.00 be used for the purpose of graveling the road on the north of 35-43-4-4, providing the Gilt Edge M. D. will also give a grant towards this work.—Carried.
Foster—That R. Kolb's claim for exemption under the Soldier Home Property Act be tabled till the next meeting.—Carried.
Gould—That the secretary be instructed to get proofs of the sale of the N.W. 6-42-6-4 from Mr. Street before the Wild Lands Tax is cancelled.—Carried.

Snyder—That the secretary be instructed to forward a resolution to the Western Canada Colonisation Association endorsing their work.—Carried.
Snyder—That W. Kelly's pay sheet for 1920 roadwork be accepted.—Carried.
McPherson—That H. Woodcock's bill for pickets be paid.—Carried.

Brown—That J. Hawley's bill for putting out poison be paid.—Carried.
Foster—That D. Tranner's bill for fence repairs be paid.—Carried.

Snyder—That E. Peterson's bill for free road supervision be paid.—Carried.
Gould—That the Empire Lbr. Co.'s bill be paid.—Carried.

Brown—That the Galvin Lbr. Co.'s bill be paid.—Carried.

Snyder—That Mr. Poynter's bill be paid.—Carried.

Snyder—That J. Oldfield's bill be paid.—Carried.

Brown—That Western Municipal News bill be paid.—Carried.

Brown—That Western Corrugated Culvert Co.'s bill be paid.—Carried.

Gould—That the secretary's bill be paid.—Carried.

Gould—That H. C. Smith's bill be paid.—Carried.

Brown—That G. Creighton's bill be paid.—Carried.

Brown—That Councilor McPherson be empowered to have the road diversion on R. V. Price land fenced.—Carried.

Snyder—That the secretary be instructed to have the plans for road diversion and blind lines registered as soon as received from surveyor and also to pay the owners for any land taken as shown by the plans as soon as the plans have been registered.—Carried.

Foster—That Councilor Brown be empowered to deal with Messrs. Prarat and Berglin re the proposed ditch across their land to drain the grade on the west of 16-41-5.—Carried.

Gould—That each councillor be held personally responsible for the tools in their respective divi-

PRECAUTION AGAINST BOVINE TUBERCULOSIS

A few years ago the United States breeders of pure-bred cattle, recognizing the necessity of more effective measures for the control of tuberculosis, arranged a conference with officials of the Bureau of Animal Industry at Washington the result of which was the adoption of what is now known as the accredited herd plan—meaning that the herd has been thoroughly tested and found entirely free from any symptoms of tuberculosis. The plan proved so successful that a decision was arrived at to adopt the system in Canada. Regulations were promulgated which came into force in September, 1919, and have proved highly successful, a number of herds having been accredited, while many others are under test. Under the Municipal Tuberculosis Order, compensation is paid for animals officially slaughtered and the owners are permitted under regulation to realize whatever they can from the sale of the carcass.

GRASSHOPPERS AT CHAUVIN AND BRER POTATOE BUG HERE

Somewhat of a scare was occasioned in the district east of Chauvin last week by the appearance of the hopper pest, and precautionary measures were at once taken to cope with what might prove serious.

From what we can gather, these preventives have been fairly successful although the Chauvin Chronicle says by way of warning that grasshoppers have been seen making invasion West of Manitou Lake, and into the Northern Census districts and also territory immediately south of Chauvin, and are reported to be spreading rapidly.

The formula of the grasshopper poison calls for one pound of paris green or arsenic to be mixed thoroughly with 25 pounds of bran, dilute two quarts of low-grade molasses with two or three gallons of warm water. This syrup will be thoroughly mixed with the poisoned bran to form a wet mash and distributed throughout the infested fields.

We are glad to hear that Saturday when Herb Smith brought in a large number of potato bugs—big fat fellows too—which he had taken from his "murphy" patch and it sure looks as though this heretofore eastern pest had at last arrived.

The above poison recipe might also answer in this case, although possibly Bordeaux mixture would prove easier to handle.

SOAKING RAINS HAVE BEEN GENERAL OVER WHOLE PROVINCE

Recent rains have made a wonderful change in the crop prospects of the province and materially helped conditions. The rains were fairly general throughout the province and were of such a soaking and penetrating sort that has not been experienced in this province for two or three years.

This is especially true of northern and central Alberta. While there will be a percentage of the province definitely curtailed in its crop prospect by the drought, there will be no place absolutely wiped out for that reason. The straw will be short, it will prematurely ripen on account of the hot dry spell, and the crop will be much lighter than had been expected. The only places where the crop is absolutely cut out, will be a few districts where the cutworms were bad. When the cutworms work they do it with precision and accuracy. The rains of the past week have also stopped the grasshoppers in Saskatchewan and that government has had no demands for the past few days for any more poisoned bait, but the organization is being kept intact, in all readiness for another outbreak. The cool, cloudy weather following the rains has been of the greatest benefit in allowing the moisture to soak in. Now with warm weather to complete the ripening there should be a splendid crop, especially in the northern half of the province. In some of the south and east the crop was far advanced to get the benefit of the rain.

THE EXAMINER REVIEW

OF WEEKLY MARKETS

(Friday, July 15th).

CATTLE

Light receipts at Edmonton have kept the market steady, though on some the prices have been not particularly satisfactory owing to poor condition. Choice steers, \$6.87 good, \$5.50 to \$6.00; medium, \$4.60 to \$5.00; common, \$3.50 to \$4.00; cows, \$5.25 to \$5.50; good, \$4.50 to \$5.00; medium, \$3.50 to \$4.00; canners, \$1.50 to \$2.00. Bulls slightly better, with tops at \$3.25 and down to \$1. Calves firm at \$7.89; common, \$4.60 to \$5.00; good feeder steers up to \$4.50, and the bulk at \$4.

HOGS

Steady advance during the week until Thursday's sales were at \$12.75 to \$13. Receipts light and today's sales at \$13.25.

Hogs steady and higher at Edmonton, with the sales Thursday mostly at \$12.

SHEEP

Poor demand for mutton and all prices lower. Lambs \$8.90 to \$9.50; wethers, \$6.50 to \$7.50; ewes, \$5.60 to \$6.50.

Sheep prices at Edmonton have been better, with choice lambs up to \$11.50; yearlings, \$10, and good ewes, \$8.

GRAIN

Crop conditions in southern and portions of central Alberta have been greatly improved by recent rains; conditions in other parts of province very good, and better than average yield expected. Hail damage has been quite widespread. Markets fluctuating on rumors of black rust in southern portions of Saskatchewan and Manitoba, but lack of definite information. Damage reported in Dakota and Minnesota from rust; oats not turning out as well as expected in the United States. Cutting will start in Alberta last of month.

PRODUCE

Butterfat advanced 2c to 31c 28c and 25c for special first and second grades at creameries, with 4c off at stations. Creamery butter cartons unchanged, 30c to 35c; carlots, basis firsts, 31c to 32c. Dairy butter, no demand; prices unchanged. Poultry market unchanged, but weaker; broilers, 25c to 30c; fowl 16c to 18c; roosters 10c to 13c. Eggs advanced again, now quoted \$3.45 to \$10. No new Alberta potatoes yet; new B. C. stock selling \$3.50 per cwt.

Stock Raisers

are now offered a complete marketing and banking service through our new Branch at the Calgary Stock Yards.

Full information regarding live stock market conditions, quotations, etc. furnished by the Manager, by mail, telephone, or telegraph, and funds transferred to and from clients' home accounts to expedite their business at the Yards.

WAINWRIGHT, ALBERTA, JULY 20th, 1921

INDIVIDUAL OWNERS

HOLDING 20,000,000 ACRES

The Western Canada Colonisation Association was formed for the

specific purpose of settling twenty million acres of idle land lying

close to existing western railways. This land is held out of produc-

tion by upwards of eighty thousand individual owners, the great

majority of whom live outside the country and are speculators pure

and simple. The association has asked the three provincial govern-

ments for price lists on these areas, good for a sufficiently long period

to permit of settlers being brought in.

It is sincerely to be hoped that the forthcoming conference of the

western premiers to be called by Hon. T. C. Norris may agree upon a

workable land listing scheme which will be fair to all concerned. It

would be a calamity if anything should prevent the expenditure by

the W.C.C.A. of the \$1,500,000 which it has raised for the benefit

of Alberta, Saskatchewan and Manitoba.

WEATHER AND CROPS

Weather reports which have come from the eastern provinces

during the past week are the kind that reconcile westerners to the

climate of this land of high altitude and cool nights, and the kind also

that make the people of Central Alberta glad that they live in a coun-

try assured of rainfall. From the Great Lakes to the Atlantic drought

prevails and fruit crops in many sections are shrivelling on the trees

and bushes. Grain crops will also show a sad shrinkage this fall. It

is possible that reports have accentuated the prospective damage and

loss; it is certainly to be hoped so. Canada needs every bushel of

grain and fruit and vegetables its farms can produce this year. It

cannot in any sense be gratifying to the west to learn that the older

provinces are not getting the kind of weather that would give them a

bumper crop.

But westerners may at least be glad that they are not subject to

similar conditions.

The western weather has certainly been doing its part to make

up for the national loss involved in the unfavorable conditions in the

eastern provinces. Rains have been ample and general. In relation

of this particular section of the province that is putting it

modestly. The country hereabouts has been thoroughly and satisfac-

torily soaked. Doubtless it could rain harder than it has recently

and perhaps has done so on occasions, but it does not do it often, and

there is no reason why it should. When it has not been raining the

sun has usually been shining brightly and the mercury standing

away up in the glass. That combination of things means just one

thing—a crop growth that can almost be seen with the naked eye.

There may have been times when things grow faster hereabouts

than during the past week, but it is doubtful. Doubtful because it is

hardly believable that they could grow any faster. And crops are

now looking better than they have for several years at this period.

Taking it all round, the western crop is splendidly sustaining its

early promise with no heavier deduction than has always to be made

over so large a crop area on account of rust, grasshoppers, hail and

other local setbacks. If Eastern Canada is running in hard luck with

its production program, the western half of the Dominion promises

to make up the shortage and to keep the nation on its feet.

PASSING CLOUDS

Three hundred years ago the Pilgrim Fathers, after suffering un-

toiled privations during their first winter in New England, were re-

duced in numbers to about sixty persons. Did their bitter experience

dant these sturdy pioneers? Did they sit down and weep over their

hardships? No! They squared their shoulders, and with a high re-

solve set to work to put things on a better footing for the future. Dur-

ing every period of acute business experience there is always the

temptation to sit down in a spirit of resignation, wait for things of

improve. Such a policy persisted in spells negation. If, however,

like the pilgrims of old, with a determined purpose, we banish nega-

tive thoughts and bring every ounce of constructive energy to bear

upon our individual problems, will we not pass through those days

of striving more successfully and emerge the stronger for our ex-

perience? It is in such a spirit we wish to serve the many friends

with whom we do business.

LARGEST PUBLIC UTILITY IN WORLD

CANADA has developed only 12

per cent of her available water-

power of nearly 20,000,000. Her

waterpower resources are one of

her richest assets, and the high

tension transmission of electric

energy is one of the most im-

portant factors in her present day

development. The Ontario Hydro

Electric transmission line is not

only the longest, but the largest

public ownership undertaking in

the world, 248 municipalities are

partners in it, the chief source of

power being Niagara Falls. The

present total output of the system

is 325,000 horse-power, which will

be increased to a million when the

Chippawa-Queenston power canal

is completed, and similar great

transmission plants are found in

almost every province. The pro-

jected international St. Lawrence

Water-power scheme, with five

dams, will produce 5,000,000 horse-

power.

Lots of men who would rather

be wayright than president get

left both ways.

LOCAL NOTES

Wainwright Fair takes place on August 3rd. Now is the time to study the prize list and prepare exhibits.

The patriotic man is loyal to his country and to the community in which he lives. If he is consistent he will give first preference to his local merchants when purchasing goods.

District Deputy Grand Master Davidson, of Wainwright, attended the installation ceremony of officers of Ryley Lodge No. 75, L.O.O.F., held last Monday evening.—Ryley Times.

The editor of the Sawyer News announced last week that he is going to give up trying to save the world and turn his attention to saving himself—and therefore closed his shop permanently. Too many delinquent subscribers is given as the cause of his failure.

The payment of One Dollar constitutes membership in the Agricultural Society. You can then show all you leave on the farm at the Fair on August 3rd, and no entry fees to pay.

Two number plates are required by law on all automobiles—One at the front of the car and one at the back. These are to be placed so that they may be easily read (not upside down). This is a final warning by the A. P. P. "Nuff sed."

After a month's stay with her parents in town Mrs. D. Fraser left last week for Edmonton where she is visiting before returning to Winnipeg.

Mrs. Ivan Ghiloni, is away to Winnipeg to spend a holiday with relatives there.

The annual garden party will be held at the home of Mrs. John Patterson, Greenshields, on Wednesday, July 27th, from 3 to 9 o'clock. Tea and refreshments will be served. Everybody come and have a good time.

Mr. and Mrs. J. Alderman, are spending a holiday at the coast.

At both Clear Lake and Normandin's lake the number of campers continues to increase and tent life is the order of the day.

We learn that a big barn dance is being arranged to be held in Mayor Lally's new barn in the near future.

Mrs. C. H. Rowe, was a visitor to the city last week accompanied by the children.

Get your prize list for the big summer fair from Secretary S. Lewthwaite.

Mrs. McCaig and children arrived last week from Unity to spend a holiday with her parents Mr. and Mrs. Cooper.

Mr. and Mrs. Alf Cook are away to the coast for a holiday.

Mrs. and the Misses Bouchard have arrived from Quebec city to make their home with their daughter and sister Mrs. O. Michon.

Mrs. and Miss Dinsmore, are here from Grand Forks, B. C. on a visit to Mrs. Andy Love.

We regret to learn that Mr. A. Dregor, sr. is very ill in Winnipeg on his way home from the States.

HUGE REWARD OFFERED

LOST, STOLEN or MISPLACED

About 75 per cent of the residents of Canada have lost or mislaid their accustomed confidence in the prosperity of this great country of ours.

To restore prosperity we must first recover our confidence. The greatest reward ever advertised in the fair Dominion of Canada is now offered

FOR IMMEDIATE RETURN OF CONFIDENCE. No questions asked. The reward will be made to every resident of Canada as follows:—

Manufacturers will be rewarded with sufficient orders to keep their plants running at fair prices
Merchants will be rewarded by steady business conditions.
Bankers will be rewarded by greatly increased operations and larger saving accounts
Mines will be rewarded by being forced to run full time and others will be called upon to re-open
And the Wage Earners in whatever line of activity they may be will have the opportunity of securing employment, and their wives and children will have plenty to eat and to wear
And the greatest country in the world—The Dominion of Canada—will be rewarded with
